Lovely near new home in wonderful reserve front location with one of the most expansive backyards in the ever popular Tallwood Ridge. Open plan design with north east aspect perfectly overlooks the wide open reserve with cycle-way access and mature trees in the background. The flood free home is a very comfortable 3 bedroom layout with master bedroom having walk-in robe and en-suite. Raised ceilings throughout, stone top kitchen with breakfast bar, integrated outdoor room, oversize double garage, air-conditioning and plenty of storage. A real feature of this property is the amount of open space not just in the awesome backyard but also either side of the home which will easily accommodate a pool, veggie gardens or even tiny home/granny flat. A lot to like here and one of the best value new homes in the market along with being a wonderful place to call home.
