\$620,000

A once in a lifetime opportunity to secure a rare parcel of land at Mullaway is here. Being one of the very few remaining blocks available in the village, this property is sure to grab attention by those who dare to dream, or smart property investors who understand coastal land is a diminishing commodity. Living in the sleepy hamlet of Mullaway guarantees a relaxed coastal lifestyle. Catch a wave or throw a line at the popular local surfing beaches and fishing spots, or digest the spectacular views while walking around the Headland. Mullaway has a Primary School and a General Store, convenient for coffee, take away or the odd supply, while a 5 min drive will get you to Woolgoolga's CBD and a further 20 mins to Coffs Harbour, which offers a huge array of shops, services and attractions. The 695 square allotment is zoned R2 residential and has power and sewer connected. The existing shed has been converted to a studio providing convenience if you wish to live on the property while building your dream home. Now is the time to secure your own little piece of paradise that you've always dreamed of! Contact Ray White Coffs Coast today to register your interest.* drive times are approximate
