Easy-care floating floors feature in an interior that welcomes you into a living-meals area anchored by a spotless kitchen appointed with plenty of bench spaces, including a large island ideal for conversation and preparation! It is complemented by three generous bedrooms. Boasting built-in robes and ceiling fans and thoughtfully zoned from the living areas for peace and privacy, they share the updated family bathroom. Subway tiles, a free-standing bath, an oversized shower, and on-trend matte black fixtures and fittings bring a touch of luxury to the everyday.
