This attractive home sits on a sizable block in the delightful town of Williams. Inside, you will find a comfortable three bedroom home. The lounge room features wooden French doors that open to a spacious kitchen and dining area. The kitchen has plenty of space and can accommodate a sizable island bench. Two queen-size bedrooms and one slightly smaller bedroom adjoin the hallway. Between the two queen-sized bedrooms is a walk-in wardrobe and storage room. The toilet is separate to the bathroom and the laundry is accessed from the bathroom and the rear verandah. From the kitchen window view the landscaped, reticulated back yard of mature plantings and winding paths. Wide verandahs on three sides of the home, and a carport, provide undercover parking and undercover access to the front and back door. Conveniently located along Albany Highway, Williams is just 133 km (approx.) from Armadale and is a gateway to the Great Southern. Make a time to view 20 Fry St Williams.
