A flat allotment of 806sqm in the very heart of Victor Harbor is rare earth indeed. This block is an ideal candidate for someone to build their forever dream home – to subdivide, subject to the normal council approvals or to land bank for the future as this type of land is very hard to come by and will only get harder to acquire in the future. This truly is a golden opportunity, DO NOT MISS OUT !!Disclaimer: We have in preparing this information used our best endeavours to ensure that the information contained herein is true and accurate but accept no responsibility and disclaim all liability in respect of any errors, omissions, inaccuracies or misstatements that may occur.
