The thoughtful, open design is perfect for families, with an organic timber theme, luxury finishings, and a north-south aspect that invites plenty of natural light throughout. The curated floorplan offers multiple entertainment spaces, including a stylish formal living and an upstairs, carpeted family room. But the best is the airy open-plan kitchen, living and dining. The space seamlessly opens to an alfresco timber deck with a half-vaulted ceiling, perfect for outdoor dining with plenty of space for BBQing. The deck overlooks the manicured, tropical-inspired yard, offering a sparkling inground pool and a Bali-style cabana for the ultimate resort-like atmosphere. In the evenings, retreat to the expansive master suite, with a huge walk-in robe and large ensuite complete with a standalone bath and timber-topped floating vanity. Each of the additional three bedrooms, all with built-in robes and ceiling fans, enjoy easy access to the luxury family bathroom, while downstairs, there is an additional powder room and home office. Within just a couple of hundred metres of the sun, sand and surf, this location is perfect for water enthusiasts, beachcombers or those who just want a peaceful ocean retreat.
