\$695,000 - \$745,000

It's rare to find a home that caters to intergenerational living or guest accommodation needs as well as this one. Boasting spacious living arrangements, this four bedroom, three bathroom home includes two main bedroom suites – each with a walk-in robe and ensuite – placed to opposite ends of the home. First-class design is evident throughout the home, with custom highlights including to-height doors, a generous use of stone, and decorative timber ceilings to the entry hall and above the kitchen island. A lounge offers a lovely place to relax, while the open plan kitchen, meals, and living areas flow to an alfresco entertaining area with 600mm pavers and downlights, set in the fully fenced, private rear yard. Geared for entertaining, the showpiece kitchen combines contemporary sophistication with exceptional functionality and features thick Caesarstone benchtops, soft close drawers, a streamlined butler's pantry, double undermount sinks, and a selection of new Technika appliances including an oven, 5-zone cooktop, integrated microwave, and a dishwasher. All bathrooms are fully tiled and appointed in an elegant grey colour scheme with stone surfaces, niched showers, and terrazzo tiled feature walls. This dream offering also comes with a remote controlled double garage with internal access, an inbuilt study nook with power points to the hallway, Smart security, Bosch alarm, ducted heating/cooling, built-in robes, and a water tank. Conveniently located within the Kingsfield Estate close to all amenities, including schools, shops, parks, and transport links.
