Perfectly oriented to capture a breathtaking vista of the shimmering city skyline, you'll spend many happy years enjoying the outstanding benefits of this elegant family home. Thoughtfully designed with five bedrooms, two bathrooms and a powder room, sunshine streams into the garden view lounge room with a crackling open fireplace. Bi-folds create a perfect indoor/outdoor transition between the living/dining, sleek stone kitchen with Westinghouse stainless steel appliances, and the generous city-view alfresco deck. Upstairs, a deep city-view balcony joins the bedroom/retreat and the neighbouring master bedroom with walk-in robe and ensuite. Ideally appointed with polished floorboards, ducted heating, a split system air-conditioner, under-house storage and a double auto garage, you and your family will live your best life with ease. Just around the corner from Burgundy Reserve and a pleasant walk to St Gregory the Great Primary School and Macedon Square eateries, it's only a stone's throw from Westfield Doncaster and buses to the Park & Ride for connections to private schools and the city.
