Perfect for young families, this three bedroom house sits over the back fence from Tooradin Primary School where the rural landscape offers a down-to-earth lifestyle without compromising creature comforts. Offering a four-car garage in the rear yard this stylish residence has been crafted for fun-lovers seeking space to store all the toys with peace of mind in a sea-side setting just 20 mins (approx.) from Cranbourne. Designed as an entertainment focused home with options to create cosy spaces the layout balances a more private theatre-style room with an open plan family domain where a living and meals area sit between the kitchen and alfresco. The kitchen comprises a Bosch 900mm wide induction cooktop and oven, amongst ample cabinetry, stone benchtops and a walk-in pantry before the alfresco enlarges dining space beneath the roofline with the comfort of a ceiling fan. Uniting the accommodation domain, plantation shutters offer peace and privacy where the two childrens' bedrooms share a central bathroom and separate W/C. Preserving an element of style for the master bedroom a walk-through wardrobe reveals floor-to-ceiling tiles in the ensuite, creating a luxurious atmosphere for the oversized vanity and hidden shower. Refrigerated climate control offers both heating and cooling throughout the house with space for a home office adjoining the garage; The home also features solar panels and 8.8kw battery. Drive-through access to the rear yard allows secure parking for boats/caravans with an oversized 4-car garage in the rear yard promising the perfect shed with an L-shaped play space for children and pets to enjoy. PRIVATE INSPECTIONS ONLY
