Big on space, great on gardens and up-sized with a pool and playroom, this is how the best of family living always was...and should always be! A walk Highett Rd and station at the top-end of this family-wise court, this four bedroom plus home-office, 2.5 bathroom home is an all-time classic with an up-to-the minute family floorplan! Ready for family life with a ground-floor master-suite, and poolside family and al fresco zones, this substantial home steps up with dedicated first-floor kids' quarters around a large first-floor lounge, and steps down to a traditional rumpus-room - with a billiard table in place plus mancave or tradies' space! Styled for modern family life with a pool-view European appliance kitchen with 900mm range and Asko dishwasher, and stylish bathrooms including a stone-finished ensuite and glossy first-floor main, there are all the family extras including media-cabinetry in living zones upstairs and down, built-in robes for every bedroom (some with desks), understair storage, and a custom-fit-out including library-shelving for the business-at home office. Centrally heated, reverse-cycle air-conditioning and high-set with lush treetop views and a sparkly city-glimpse, this great home has good family gardens with a kids' paradise backyard including an invisibly glass-fenced pool, broad lawns, vegie-boxes ... and a grandpa-built pirate-ship play-gym! Even the big double auto garage is a family classic with parking in front and through-access for boat, van and bikes. Hidden away in this quiet court, yet so surprisingly close to it all, this classic home has a first-class location; a walk to primary schools, down the line to the Mentone school precinct, a minute to Southland, and easily in-reach of Bayside lifestyle! For more information about this substantial family home contact Craig Harrison at Buxton Hampton East on 0459 991 120
