## **\$1,800,000 - \$1,950,000**

Those looking for a dramatic Bellbird property located in an exclusive parkside cul de sac will be absolutely smitten with this pairing. This one of a kind architecturally designed character residence, takes its design cues from the Federation era, adding modern features of elegance and comfort that offers a beautifully designed kitchen with German appliances, 4 bedrooms, formal and casual entertaining with a fully fitted office space for remote working. Towering ceiling heights throughout, statement Jarrah timber flooring, Alpaca wool carpet and distinguished bay windows give this magnificent home that weekend magic. A large double garage with adjoining work space compliments the property that delivers a perfect rest and retreat setting for retiring downsizers or a growing family wanting school zoning for Vermont Secondary College (STSA) and access to quality shopping.
