Located only minutes to public transport, shopping, medical, sporting and school facilities 20 Parkfront Drive strikes the perfect balance between indoor and outdoor contemporary living in a well maintained residence, where every detail has been curated with comfort, enjoyment and easy living in mind. The spacious master bedroom is situated at the front of the home with walk-in wardrobe and ensuite bathroom, both featuring shutters with 3 additional generously sized bedrooms featuring shutters and built in robes, an additional well-appointed bathroom caters to family practicality. A light filled open plan kitchen, dining and living area creates a seamless space for both entertaining and everyday family life. Then step outside to an inviting undercover patio – an ideal setting for al fresco dining or relaxation, and with zip track blinds on all sides – almost another room to enjoy, whatever the weather. A spacious lounge room offers a quieter space for other interests – somewhere to watch a movie, the football or read a book, undisturbed. GDH and ducted evaporative cooling are supplemented with 2 split system A/C units. Use as much or as little as you need. Either way you'll enjoy smaller electricity bills with 18 solar panels working for you. When you go on holiday, a home alarm system and security cameras provide peace of mind. Neat box hedges, dietes and magnolias in the front garden, and a lillypilly hedge enclosing the back garden, both with drip watering systems are designed for easy care gardening. A double lock up garage provides internal access to the home, and there is space for additional parking in the driveway. This should be your next home.
