From \$599,000

THIS PROPERTY IS LEASED UNTIL 11 JAN 2025 AT \$600 PER WEEK With Oyster Harbour fishing and boating only 1.5-kilometres away and superb beaches and rivers, and various amenities within easy driving distance, this in-vogue, well-planned property has key owner-occupier to investor merits. There is wide gated side access to easily park a caravan or boat down the side of the property and drive a vehicle around to the 1.5-bay roller door workshop garage in the spacious and private backyard. Light and space are abundant in the finely-designed home, which reveals a slightly different and smart floorplan compared to some standard 4x2 layouts. Coffered ceilings in the superb living and dining area, and a bulkhead ceiling in the fabulous galley kitchen take the spacious light-filled hub to the next level. Premium Emelia and Siemens kitchen appliances and the wonderful scullery and storage solutions provide the finishing touches to the entire zone, which flows to a welcoming rear cafe blind alfresco. It is also a pleasant change to see the parent domain tucked away at the private and quiet rear of the home. It also has its own external entry, and a spacious walk-in robe and fashionable upscaled ensuite. Nearby is excellent laundry and hall storage. The study, family wing and double garage access is off the front entry hall. There is a terrific activity zone, which flows to the kids' bedrooms, all featuring mirrored robes, and a toilet and superior main bathroom similar to the master suite. This property is well-worth considering a priority to view in its category. For more detailed information or to arrange a private viewing please contact Louise D'Addario on 0407 413 640
