Nothing to do House with Location plus

This three-bedroom one- bathroom nice easy to look after cottage. Has slate floors giving you that country feel, with wood fire in living area to keep house warm in winter time. Air condition to keep cool on the hotter days. Each room has ceiling fans with bedrooms having built in robes. The house has a good modern look. The garden has plenty of color splashed around. With area to grow vegetables and good fruit trees. The property has 20 x 30 double garage back of house. This property would be great for lot different ages young to elderly. This area lacking rental properties so good for the investor. The location is good walking distance to town and the shops. Beverley is in the Avon Valley. The town has Hospital, Doctors, District High School and plenty of sports clubs. Two pubs walking distance. Not to forget the town is friendly and makes you welcome. If it is time for change call Colin Grant today on 0458 871 625 for a viewing or more information.
