Discover a comforting and convenient way of life in this surprisingly spacious 4-bedroom home, featuring two vast living areas and a seamless fusion between its indoor and outdoor spaces. Exuding a timeless charm, it delivers a delightful balance of space, style and sophistication in an ultra-convenient, up and coming locale the family will love. A striking brick and render facade gives way to a focus on low-maintenance living and a premier finish, spreading beyond a carpeted theatre room into an open-plan family and dining space flourishing with light. A stone buffet kitchen features pendant lighting, a walk-through butler's pantry and quality cooking appliances, perfect for entertaining on the covered and sealed patio, stretching into an easy-care yard through stacker doors for an ideal environment for alfresco dining or relaxation. The main bedroom boasts a walk-in wardrobe and a luxurious ensuite, with three more robed bedrooms serviced by the modern family bathroom. Beyond its aesthetics, it features ducted heating, evaporative cooling, a fitted laundry, LED lighting, a double garage, and a prime location, moments from Beveridge Primary School, Mandalay Golf Course, shopping amenities and highway access nearby.
