A contemporary designer beach home that offers the perfect coastal lifestyle. Nestled in a quiet family friendly street only a short 500m stroll from the pristine Narrawallee Beach, this architectural gem is inspired by the renowned building design group, Salt. The unique design of this home seamlessly combines industrial-style cladding with earthy beach house interiors. Drawing inspiration from its leafy surrounds, the eye-catching skillion roof is beautifully enhanced by hardwood features and contrasts with Colorbond, FC Barestone, and Weathertex cladding. As you step inside, prepare to be captivated by the striking features including hardwood flooring and vaulted charcoal wash ply ceilings. The abundance of highlight windows allows natural light to bounce off the whitewashed walls, creating a warm and inviting living space. This home boasts two pavilions and a foyer that converge in the middle, leading to a central courtyard deck. The hardwood deck is private and tranquil, surrounded by ferns, bamboo, and tropical landscaping, providing the perfect space for relaxation and outdoor entertaining. The gourmet chef's kitchen features 40mm stone countertops, an island bench with waterfall end, breakfast bar, gas cooktop, integrated dishwasher and a pleasant leafy outlook. When it's time to rest, retreat to the master bedroom, a true haven of relaxation. A Japanese-inspired hardwood feature wall divides the walk-through robe and the divine ensuite, complete with a dual hardwood vanity. Guests will also be treated to comfort and style with three additional bedrooms and a gorgeous main bathroom. A freestanding soaking tub with Travertine and Pietra Grey tiles are highlights of this luxurious bathroom, creating a modish vibe. Whether it's the heart-warming slow combustion fireplace that keeps you cosy in winter or the reverse cycle air conditioning and fabulous cross-flow ventilation via louvre windows that keep the home cool in summer, this beach house offers year-round comfort. Don't miss this opportunity to own a contemporary designer beach house that perfectly embodies the essence of coastal living and exudes sophistication. So many versatile options, a ready to move in weekender, comfortable family home or a funky down sizer which is low maintenance lock up and go.
