AUCTION (\$420,000 - \$460,000)

Why settle for the usual apartment living when you can have a sun-bathed waterfront life? Sun-soaked, serene and stretched out towards the rear of the well-planned Clarindale group, this 2 bedroom, 2 bathroom apartment faces north to the wetlands adjacent Talbot Park with a widespread balconied design and tall double-glazing ...offering a lush green view for every room. Stretched out with open-plan living and a virtual dual-suite design, this light-filled apartment is cleverly accommodating with a glossy bathroom for each bedroom, including a private ensuite for the extra-large master-suite - room for a study, nursery or retreat. Prestige appointed with quality appliances (including a full-size dishwasher) for the sun-catching kitchen, this high design shines with sleek stone benchtops, hardwearing bamboo floors and a mix of streamlined e-screen and block-out blinds. With every practicality including a discreet European laundry plus walk-in and built-in robes, this quality apartment has all the necessities including reverse-cycle air-conditioning, video-intercom, a security lift and a basement garage-space with walk-in storage. A walk to Huntingdale station, with buses in all directions at the door and the cosmopolitan (and Coles) shopping of Clayton's vibrant hospitality strip within a minute, this sun-bathed apartment has the green space of Talbot Park, Davies Reserve and Huntingdale Golf Club at the door, and Monash University and Hospital close by!
