Norwest Quarter is set to be The Hills' most ground breaking precinct to date, and is being delivered by Norwest's parent developer Mulpha. Architects of the Lacebark building, Smart Design Studio designed every element to bring you home where you can close the door on the world, unplug, unwind and float on a feeling of contentment. Lacebark's 3 bedroom apartments offer sophisticated design and quality materials and fixtures, underpinned by hassle-free sustainability features. - 100% electric apartment, including induction cooktop and centralised hot water- High passive design performance from energy-efficient double-glazed windows and high-performance insulation to reduce heating and cooling demands- Miele kitchen appliances and Fisher & Paykel laundry appliances- Parisi kitchen and bathroom fittings- Generous balconies designed for privacy and thermal comfort- Designed for zero waste

The resulting apartments invite sunlight and nature as they take their place around the public plaza and resident-only communal amenity. Resident amenity:- Communal lounge with kitchen facilities- Communal garden with BBQ facilities- Access to the resident amenity within Norwest Quarter's other buildings

Visit the Norwest Quarter Display Pods and touch and feel the quality of the fittings and fixtures and experience the design of the Lacebark and Banksia apartments, including:-

- Full kitchen and bathroom displays
- Home automation
- Study wall bed and joinery upgrades
- Colour schemes and finishes upgrades
