Boasting surely the best position in its boutique block - right at the top and set well back from the road - this top floor lifestyle apartment offers up smart interiors that soak up far-reaching views across the rooftops. Filled with natural light, it provides a peaceful escape from the hustle and bustle of this amenity-rich locale. An open plan living and dining zone that extends off the stone/stainless steel kitchen offers ample space to relax or entertain, but the real highlight is a broad alfresco terrace that captures glimpses of the city skyline in the distance and provides a great setting for long lazy get-togethers in the fresh air. Both bedrooms are good-sized doubles - the master offering a walk thru robe to a glossy ensuite, whilst the second bedroom also benefits from generous mirrored BIRs. With the bonus of a second bathroom and Euro laundry, this smart abode also offers split system heating/cooling and secure video intercom entry. Basement parking is also provided, but a car is entirely optional here thanks to the privileged proximity to transport and parklands along with the retail and entertainment delights of Southland.
