Rising beyond a heritage façade in sparkling style, this is where grand old beauty meets the newest of the new! Just 400m to the sand and 200 steps to the station at the quiet beach-end of this iconic retail and rail strip, this two bedroom apartment shines with afternoon light and all-new, never-lived-in style! Oriented to capture sun and sea-breezes with open-plan living (and the master bedroom) flowing to a wide well-screened balcony, this sizeable apartment stars a sleek kitchen with the newest European appliances, a designer bathroom with the glossiest detail (including mirror storage) and the latest finishes including light coastal-style Oak floors, plush carpets and pure-white stone benchtops. Ready to welcome a brand new owner (or tenant) with great storage including built-in and walk-in robes, carefree living with an European laundry, and good security including lift-access, intercom-entry and well-secured lobbies, this reverse-cycle air-conditioned apartment has easy-access rear garaging ...and all you could want at the door. Start the day with a run by the bay, grab a latte on the way to the train for a 28 minute commute, come home to your choice of easy dinner ...and finish with a quiet drink or live-loud catch-up. Surrounded by shops, eateries and bars, steps to the bay and direct to the city, this sparkling new apartment is a historic lifestyle investment! For more information about this beach-end apartment contact Paul Sibley at Buxton Hampton East on 0403 325 423
