Luxuriously appointed, elegant and stylish, this meticulously renovated three bedroom Californian Bungalow will capture your heart. Introduced by landscaped gardens, a pretty leadlight entrance and polished hardwood floors, a central hallway flows to the heart of the home. Spacious, warm and inviting, the kitchen/living/meals opens through French doors to an undercover deck, perfect for entertaining. The designer kitchen showcases stone benchtops, masses of timber cabinetry, walk-in pantry and stainless steel Smeg appliances. Anchored by stunning original cast iron fireplaces with timber mantelpieces, all bedrooms have built-in robes and share a chic family bathroom boasting a spa bath, shower, toilet and double vanity. A powder room, garage, heating/cooling and water tank add comfort.
