These apartments are renowned for their upper-market, chic specifications, security, and prime location. This 1-bedroom apartment offers an abundance of space, comfort, and convenience that is often sought but rarely found in this style of accommodation. Upon entering this well-maintained apartment building, you'll immediately notice the high standards of cleanliness and upkeep set by the owner's corporation. Take the lift to level 2 to find your slice of comfort and convenience. Upon entry, to your right, is a large and desirable U-shaped kitchen overlooking the living area and balcony-perfect for entertaining. The kitchen features stone benchtops, electric cooking, a Fisher & Paykel stainless steel dishwasher, dedicated microwave and fridge provisions, ample pantry space, and plenty of cupboards and drawers. To your left, you'll find a very handy micro home office with a floating desk and shelving, offering ample room to set up a proper office without compromising space-ideal for working from home. The apartment boasts a practical use of space, accommodating a "proper" 4-seater dining table without encroaching on the lounge area. The generous living area opens up to the balcony through double doors, providing a sense of Mediterranean charm on a hot summer day. The large bedroom features a full wall of robes, including a mirrored panel, and sliding door access to the balcony. Across the hall, you'll find a lavish main bathroom with floor-to-ceiling tiles, a stone vanity, ample storage, a full mirror, toilet, and shower over bath, complete with a tucked-away European laundry with additional storage. Additional features include a data cabinet with extra storage, ducted heating and cooling, Urmet intercom, tinted windows, roller blinds, a very generous balcony with access from the living area and bedroom, extensive storage options, building surveillance, a gated complex, one car park, and one storage cage with access to the reserve.
