\$850,000 - \$875,000

This stylish apartment complex was completed in late 2019 by Forme Projex. It is situated in a prime location on the second floor with stunning views over the Adelaide Hills to the East, and views of the park on Hurtle Square. This builder achieved multiple awards for design excellence, and you will see why upon inspection. There are two double bedrooms with extensive built-in wardrobes, a mix of timber and carpeted floors with higher ceilings throughout. You will enjoy three separate balconies in this apartment, one off the main living area, one off the second bedroom, and one off the kitchen area. You will be delighted with the size of the living space which includes reverse cycle split system air-conditioning, floor to ceiling sliding doors with Solar Tech glass, block out curtains as well as sheers, and an abundance of natural light. The gourmet chef's kitchen features composite stone bench tops, Pura tap, an abundance of cupboard space, and quality stainless steel appliances including induction cooktop. The bathroom has stylish European tiling, large shower space, and extensive linen and bathroom cabinetry. The kitchen and laundry include the fridge and washer/dryer machine. To secure a property in Hurtle Square right on the park, is a smart investment opportunity that you do not want to miss. Strata fees have been kept to an absolute minimum, so they are very affordable. The apartment block is secure with electronic entry and lift system. This apartment includes a secure car park and private bike space in a lock up area on the ground floor of the building. The apartment has been well looked after since completion and is absolutely immaculate! If you are looking for a convenient location right in the heart of city but want to enjoy the lush green outlook of parks and nature, inspect today because it will not last long.
