\$495,000

* Slight elevation. A grand position on the corner of Windermere Street South.* Note the big block, which is in excess of 870sqm. * You will love the retention of plaster features and picture rails in some rooms. * A residence of five main rooms - three or two bedrooms, two or one living rooms, kitchen. * Two street vehicle access is a feature. Garage, carport, external hobby room - workshop.* Rinnai gas heating is in place in the lounge and kitchen. A well-placed split system is a fine asset. * Internal bathroom. Internal and external toilets. Internal sunroom is useful too.
