Recently refreshed throughout, this is an impressive home offering enormous family living spaces. With its striking façade and a brand new gable roof double carport, this is an attractive family home. • An attractive home that's blends modern updates with some stunning original timbers. • The home offers two living spaces. The first of which is your formal lounge to the left of the main entry with a feature brick fire place and mantle. • To the right of the entry is a massive living area that could offer formal dining at one end and lounge space at the other, or perhaps a pool table? • The kitchen sports plenty of space and is dressed in its original glory with an updated stainless steel wall oven, gas cooktop and dishwasher. • There are three bedrooms plus a study with the ability to utilize as a fourth bedroom. • The study positions off the large central living space, and bedrooms 2 and 3 are handy to the family bathroom off the central hallway. • The master bedroom is located at the top of the hallway, and features a walk in robe and renovated ensuite bathroom. • Gas central heating, evaporative cooling and x2 wood fires keep every corner of the home climate controlled. • Gorgeous paved garden spaces and a great usable undercover entertaining space to enjoy. • Dry access into the home from the recently constructed double carport with an attractive gable roof. • The perfect mix of space and minimal maintenance.
