\$569,000

This immaculately presented property offers a lifestyle that you will instantly fall in love with. An expansive kitchen is certainly the heart of the home, and the open plan layout is perfect for welcoming family and friends, the dining and lounge flowing seamlessly out onto your patio overlooking the gardens. The master bedroom is as you would expect in a home like this, generous in size, air-conditioned, a walk-in robe and an ensuite. 3 remaining bedrooms are all neat and fresh and all contain built-in cupboards as well as offering ceiling fans for that extra comfort in the warmer months and a wood fire burner for the cooler weather. The bedrooms are serviced by a centrally located, modern bathroom, which offers a shower, bath and separate toilet. This 1 acre block has been planted with many native shrubs and trees creating a shady and private area to enjoy, relax and a haven for many birds. Mowing is at a minimum leaving more time to enjoy your new home. Call to arrange a viewing to truly take in this private retreat.
