Look no further, offering virtual water frontage with only the coastal reserve and the old dray track in front, this stunning allotment is larger than the rest (at least 3 times) and offers an amazing outlook out over The Channel and Satellite Island. The Boat Club and The Pontoon are just a few metres away where you can moor your boat. The land is very gently sloping and is close to the many amenities that the village of Alonah offer, including the school, medical centre, cafes, restaurants and pub.
