Ground level waterfront apartments are a rare find and do not last long! This unit encapsulates what waterfront outdoor living is all about. It has a 'double frontage' on the water side, so there is plenty of room for you to sit out on the patio enjoying a BBQ and watch the grandkids fish off the shared jetty. You can head directly out from your patio onto the common grounds, with manicured lawns and a few beautiful trees to provide some shade for a summer picnic, all overlooking the sparkling waterways. This lovely home features:- Fantastic water views from the lounge room and main bedroom.- Large open plan kitchen that flows into the dining and living area.- Two good sized bedrooms with built-ins.- Central main bathroom.- Hideaway internal laundry.- Single carport and storage shed. This great apartment is located in The Anchorage complex which is just a 400m walk into town. The complex boasts three shared jetties, in-ground pool, tennis court, BBQ facilities and a secure area for boat storage. If you are considering purchasing a holiday home or looking for an easy-care property to retire to this should be at the top of your list!
