\$360,000

Sitting along a blue-chip corridor drawing Laburnum station and Box Hill CBD into its immediate orbit, this quiet and comfortable two-bedroom domain offers an expertly curated and decidedly low-maintenance lifestyle within walking distance of all key amenities. This property makes a virtue of simplicity, combining a free-flowing floor plan with a contemporary material palette. The emphasis is on space and light, allowing future owners to redesign as they see fit. Two bedrooms with BIR along the northern axis are joined by a central lounge, sunrise balcony, bathroom/laundry, and kitchen with high-volume storage and attendant meals area. Sitting opposite Box Hill City Oval, this property places Gardiners Creek, Box Hill Town Hall, and scattered parkland within easy reach. Aqualink Box Hill and the cultural commons of Box Hill central - including its comprehensive transport network - are only a minutes' walk from the door.
