A private top floor retreat situated at the rear of a back block over 150m from the street, this instantly inviting apartment has been completely renovated to create an effortless sense of contemporary class and comfort. With quiet driveway access from both Hale Road and Ourimbah Road, it is whisper quiet with new double-glazed windows and doors throughout to ensure a wonderful feeling of seclusion, while still only a walk from city buses and both Mosman and Cremorne Villages. Attention to detail shines through in every finish and inclusion, from the engineered spotted gum floors to the newly redesigned bathroom's rainfall shower head and the discretely integrated laundry. The open living/dining space flows to a timber decked balcony surrounded by treetops, plus there are two double bedrooms with ceiling fans, the main with a mirrored robe. A sure standout of the home's modern reinvention is the chef's-grade kitchen, where custom joinery surrounds a Miele dishwasher, Bora induction cooktop and Neff combi-steam oven. Enjoying only one common wall in a pet friendly building, the apartment boasts a single car space with the potential for EV charging.
