\$680,000

This Perfectly positioned home features 3 bedrooms, great size living area, renovated bathrooms and kitchen and all this in a nice quiet pocket of the growing suburb of Doveton. The land lends itself to the potential for subdivision, building a unit on the back and retain the existing property, knocking down and building 3 brand new units (STCA). All this is within a minute's drive to the Dandenong and Endeavour Hills shopping centers, Primary and Secondary Schools, freeway entrances & all amenities. If you've been looking for that perfect property that is priced well and ready to sell, this is the one for you.
