A fifo's dream home, completely secure and not a blade of grass out the back to worry about watering. The home has security doors throughout and fully working alarm which makes it the perfect lock and leave. Would also suit buyers down sizing or couples that are time poor for the same reason. To the front of the home there are the minor bedrooms, main bathroom and separate toilet plus secure access from the front loading double garage. The main living is to the rear of the home offering a quiet and private space to relax. The kitchen is well appointed offering ample bench and cupboard space along with 600mm oven and 900mm gas burner and range hood. The laundry is next to the kitchen with the pantry and linen storage combined into one convenient space. The master bedroom is at the very back and comes with a walk in robe and ensuite bathroom complete with double vanities, shower and separate toilet. The alfresco is nice and private plus extremely low maintenance with room to entertain. If you do want some lawn there is space to remove pavers and add it.
