Have you been waiting to get into the property market? Here's your chance! A block over 1,400sqm, a brick home on concrete slab, power, water, sewer and views over Cobargo.....need I go on? This has to be the best buying opportunity since the property market went crazy. Nestled in a quiet part of Cobargo and walking distance to all of Cobargo's amenities, you can sit and relax in this quiet and peaceful location and have the convenience of being just a short distance to the centre of town. With a good size open-plan kitchen and living area, a wood fire heater that will no doubt keep the entire house warm, and large windows to capture plenty of natural light, this little gem is ready for someone to love it! This property will no doubt be popular with buyers so do not hesitate to call Stuart Cook at LJ Hooker on 0418 525 192.
