Best Offer By 8th Nov

Impressive DA Approved for Eight (8) Storey Apartment Building comprising of 49 x units plus a ground floor Commercial space. Rare opportunity for a landmark building, the tallest building in Logan Central, one of Australia's fastest growth corridor between Brisbane and the Gold Coast Logan Central is a rapidly growing suburb that has seen massive ongoing growth. With the train station walking distance away and major shopping centre only 1Km away, this is as central a location as you can get. Plenty of transportation infrastructure and in the heart of Logan Central's commercial precinct. Schools, eateries, shop and even the council is just a skip and a hop away. The well-proportioned block is cleared and ready to build, boasting 20m frontage and 60m boundary. Contact Marvin Wong for further information and to get a copy of the formal DA Approval plans. All measurements and diagrams are for illustrative purposes only. All information provided is deemed reliable, but we recommend interested parties conduct their own inquiries to guarantee accuracy.
