\$650 per week

This beautiful home is located just a few minutes away from Westmead's best amenities. It's conveniently located close to Westmead Health Precinct, Railway Station, highly sought after local schools, excellent transportation, Parramatta CBD and upcoming light-rail. The property boasts of 4 comfortably sized bedrooms, making it perfect for a growing family while providing ample space. The living/dining area is located off a well-equipped kitchen, making it a perfect place to entertain guests. The interiors are well-maintained and light-filled, creating a relaxed living environment. There's also a good-sized yard, adding more space to relax and unwind. This property also features a second shower and toilet located in the laundry, making it more convenient for everyone and making it easier for the family to get ready in the morning. The single lock-up garage comes with a long driveway, providing ample parking space for multiple vehicles. This home is a must-see, and I highly recommend contacting our Property Management Team to organize an inspection.
