Positioned to the front of the 734m² block, is a character filled cottage comprising of 3 bedrooms, kitchen/living area and separate outdoor access laundry. There are two large undercover patio areas so you can enjoy the outdoor beach lifestyle. Front home features: Spacious open plan living area opening onto undercover patios 3 generous sized bedrooms Timber kitchen with large walk in pantry Air Conditioning At the rear of the north facing back yard is a second residence that comprises 2 bedrooms, kitchen/living area and undercover balcony overlooking the swimming pool. Below the residence is a massive 9.6 x 6 metre garage to house your cars or watercraft. Rear home features: Newly appointed kitchen with electric stovetop 2 bedrooms with built-ins Solar hot water system Timber balcony overlooking swimming pool Both these properties have leases in place until October and July respectively - with a total income of \$1,190pw With a large north facing back yard and a 350m walk to the beach, you will certainly spend a great deal of time with sun-kissed skin and salt in your hair. Throw your towel over your shoulder and board under your arm too and be on the sand in seconds by way of a direct beach access track through littoral rainforest. If you have littlies or the ocean is too wild this same track meanders its way through to the picturesque estuary, perfect for safe swimming and all aspects of waterplay. This is the perfect abode to either reside in yourselves or your get away from it all weekender. Leave the stress of it all behind and be at beautiful Hastings Point from Brisbane in 1.5 hours or only 25 minutes down the coast from Coolangatta airport. Cabarita Beach is 3 kilometres north and Pottsville is 3 kilometres south. All amenities can be found in either of these two villages; shopping, restaurants, cafes, medical, schools and more. Hastings Point is arguably the crown jewel of the Tweed Coast. With a safe and distinctly picturesque inlet for the little ones to enjoy and some of the most aesthetically pleasing beaches on the East Coast of Australia in the immediate surrounds, it is not surprising that when people move in, they don't move out. Which helps support my claim that Hastings Point is surely one of, if not the most tightly held community on the North Coast. Check out the open house times or talk to Shannon & Katie about an alternative time to view this outstanding property.
