This comfortable 4-bedroom home is situated on an elevated, spacious block of approximately half an acre and offers entry-level access to the coveted Macedon village lifestyle. Ideal for families, it is conveniently located close to a primary school and a kindergarten, and within walking distance to the station and village amenities. The home features two generously sized living areas, offering ample space for family activities and entertaining. All bedrooms come with mirrored robes, and there is potential for a fifth bedroom or study. The master bedroom boasts a full ensuite, complete with a bath, while the main bathroom includes a separate toilet for added convenience. Recently painted interiors give the home a fresh and welcoming feel. Additionally, the property benefits from ducted heating throughout, powered by town gas and water, ensuring comfort and efficiency year-round. Elevated with views from the front of the house, it is private and offers rear access. There is some garden shedding, and the rear access allows plenty of room to build a larger shed (STCA). Ready for your creative flair, this blank canvas presents a fantastic opportunity to create your dream home and truly make it your own.
