1970s clinker brick stunner offers architectural interest on a leafy block with outlook across to Kiloran Reserve. Quite a home in its day offering raked ceilings with exposed beams above a split-level layout complete with a flexible floorplan with two to three living areas and four good size bedrooms. A handsome fireplace with brick hearth extending along the wall makes a statement in the expansive living room complete with cosy wood heater and split system. Beyond this stunning room an equally large dining/rumpus features built in bar and study area. An updated kitchen offers quality appliances, plenty of storage with corner pantry and island bench overlooking an adjacent dining space stepping down to a casual sitting area. Serenely zoned at the rear of the home, another change in level leads to four bedrooms including master with original ensuite and walk in robe along with updated spa bathroom. Open a glass door from the master to covered outdoor area and sunny deck nestled in the peaceful, private back garden. Additional features include LG dishwasher and large garage with internal access. Benefitting from a peaceful central location with Kiloran Reserve, playground, tennis club and bowls club close by and just a few minutes' walk from all Mooroolbark has to offer including station, shops, cafes, schools, and other amenities. SMS '29HIGH' to 0488 824 387 for more information.
