\$725,000

The current owners have had some amazing family holidays in this home over the last few years. Over that time their family has grown in number, and they now find themselves needing something larger to continue their ongoing family memories. The opportunity has now arisen for another family to start their own adventure here. This property was originally chosen because of size of the living area and its 1.5 km walk down the water for hours of fun. While at home there is ample space in the open plan kitchen, living dining to fit the clan. Preparing meals together as they watch the kids play. A large deck that is enclosed by pulled down café blinds keeps the wind away and easily extends the living space if required. Three bedrooms, all with BIR's, central bathroom and laundry complete this beach vibe home. This home would also suit a downsizer who wants a sea change, with room for the boat, caravan or trailer. Why not give me a call to arrange an inspection or attend and open for inspection.
