\$680 per week

This large four bedroom, two bathroom home has been freshly painted inside, has a new kitchen and two new vanities. Located opposite a park within a short walk to shops, cafes, schools and transport this home offers not only space for the whole family but convenience as well. Living areas consist of a spacious lounge room at the front of the home and a large open plan kitchen, meals, family & games area to the rear. The kitchen cabinets and bench tops are all new (except overheads) and the kitchen offers a dishwasher recess, gas cooktop, electric oven, pull out exhaust and a good size pantry. There is also a shoppers entry from the double garage. There are two undercover alfresco areas and garden shed to the rear of the home. Pets will be considered.
