Resort-style oasis of luxury and light inspections strictly by appointment only. Without question one of the area's finest homes, this architectural showpiece in The Bridges is set to impress with its vast and versatile floorplan, first-class features and fabulous living/entertaining zones both inside and out. Set on a vast allotment (approx 953sqm), the home's designer interior boasts an extra-large master/retreat with fully-fitted dressing room and deluxe ensuite, as well as three further bedrooms (WIRs), two additional bathrooms and guest powder room. Enhancing its family credentials is the inclusion of a home office/5BR, dedicated theatre room with tiered flooring and enormous open-plan living/dining spaces complemented by a gourmet stone-bench kitchen with motorised cabinetry, high-end European appliances and butler's pantry with Billi tap (hot/cold/sparkling). Other luxuries include zoned ducted heating/refrigerated cooling, comprehensive security, smart home automation and 40-panel solar power, along with impressively high ceilings, custom lighting, stylish plantation shutters, Spotted Gum floors and large laundry with chute. Bi-folds reveal a bluestone-paved alfresco area with integrated strip heaters and full BBQ kitchen, additional entertaining deck with retractable awning, wide north-facing backyard with self-cleaning solar/gas-heated pool and poolside (4th) bathroom, plus irrigated gardens and the unique advantage of a remote-control epoxy-floored triple garage. Moments from the lake along with acres of parkland and endless trails, it's also close to a choice of bus routes, local schools and Brookside Central shops, as well as easy access to CS Square, Caroline Springs Station and the Western Freeway.
