Taking its place on the prestigious northern slopes of Mount Gibraltar, 21 Nero Street is far from your average five-bedroom home. Having been architecturally designed with meticulous attention to detail, each and every stunning inclusion has been selected to enhance the exclusive and enviable lifestyle you'll experience here. Curated to impress the luxury family buyer, space is a commodity that will be offered in vast abundance. From the impressive entry foyer to the magnificent open plan living area and deluxe kitchen, 5 large bedrooms, one currently used as home office, and additional study nook, not to mention lavish bathrooms and a selection of stunning outdoor areas - this is a home sanctuary that embodies supreme comfort. As you'd expect from a home of this calibre, no expense has been spared and no design element forgone. This is especially evident in the kitchen where high-end Bosch appliances merge with a striking Carrara marble herringbone splashback, huge waterfall breakfast island, a scullery and walk through pantry. It makes sense for functional family living that it forms the heart of the home, where the adjacent dining zone is crowned in a cathedral ceiling, and the living area basks in the warm of a double-sided wood fireplace with clerestory windows ensuring never-ending light. In addition to the soaring skylit ceilings, the engineered European Oak floors and extra-wide hallways, it's the beautiful bathrooms that will also evoke a sense of indulgence. With underfloor heating (and a heated towel rail in the ensuite), two deep soaking tubs, twin vanities and quality floor to ceiling tiles, their sheer size will not disappoint. A tiled sandstone terrace spans the length of the home and wraps around the living area, providing a number of vantage points from which to immerse yourself in the landscaped surrounds, and also promising the perfect setting for weekend entertaining. Relishing a desirable north to rear aspect and occupying just over an acre of glorious park-like surrounds, this is a dream property in a blue-ribbon enclave that delivers Highland's perfection. Close proximity to Frensham and convenient to the Hume Highway for Sydney commuters. Available to view via private inspection only. Additional features:- Double glazed windows and doors - Ducted heating and cooling throughout- Secure double garage and extra off-street parking- Extensive storage provided- Well-appointed, extra-large laundry- Dedicated wine storage area- Leyton Green hedging frames the backyard- Three raised vegetable garden beds- Fire pit area- DA approval for a swimming pool - 2.6 kilowatt solar system
