Superbly positioned and presented as new, this sleek single-level family home merges ultra-contemporary design with the serene beauty of a desirable country setting, backdropped by inspiring views of Mount Macedon. Enticing with multiple living areas, seamless indoor-outdoor entertaining, and easy-care surroundings, it is a peaceful, low-maintenance retreat for all ages close to the heart of Gisborne, where shops, schools and endless cafes are at your fingertips. Beautifully zoned, the home welcomes effortless family harmony throughout its free-flowing layout, introduced by an oversized main bedroom with a private ensuite and walk-in robe, plus an adjacent sitting room, creating a serene retreat at the front of the home. Towards the rear, three additional bedrooms with built-in robes cater to every stage of life and need, serviced by a central bathroom with a relaxing bath and a separate WC. At the core, the entertainment zones are highlighted by a gourmet stone kitchen equipped with premium appliances, catering effortlessly to contemporary tastes, functional and stylish with a walk-in pantry that features convenient shoppers entry from the double remote garage, simplifying the task of unloading groceries. Open-plan living and dining areas flow out to a covered entertaining area and well-kept lawns with ornamental pears, inviting easy living and alfresco enjoyment, complemented by the rumpus room, providing a versatile space for the kids to play and enjoy movie nights, making it an ideal addition for families seeking extra room. On the edge of rural serenity, yet only minutes from town and freeway access to Melbourne, this appealing turn-key home features a large laundry, ducted heating, split system air conditioning, automated irrigation system, and abundant storage throughout.
