Rod Devlin

THE ENTERTAINER

Taking full advantage of its elevated setting, this light-filled modern home affords a sun drenched view over the historic town of Beechworth. Low maintenance in its design and 6 Star rated, this four-bedroom home is nothing if not spacious and inviting. The main bedroom is vast and features a sitting area, walk in robe & quality ensuite. The wide entry hall with gallery tracking leads beyond a formal lounge area to the generous open plan kitchen with separate butler's pantry and the roomy dining and family areas. It's an entertainers dream with two dishwashers, two sinks & ample bench space for preparation. The Louis Poulsen lighting is a feature. The separate hall features a study alcove and services the remaining three bedrooms, main bathroom with powder room & laundry. A double garage with internal access, reverse cycle air conditioning & large entertaining terrace!
