\$195,000

Opportunities such as this do not come along often. This 17 acre block (approx) is a fantastic opportunity to secure a large parcel of rural land centrally located between Bowen township and Queens Beach. Bordering the southern boundary is Kings Beach Rd which gives access to the golden sands of Kings Beach and beautiful Rose Bay. Build a home, run some cattle or horses or just secure this sizable block as an investment for the future, the options for this property are endless. The block has a relatively level contour, is fenced and is only a stones throw from the Mullers Lagoon parklands with its walking tracks and abundant bird life. Land parcels of this size with such potential are a rare find so close to town, so contact the Professionals today to arrange an appointment to inspect this quality offering.
