Great position ,so close to town you can wander into the township enjoy a coffee and a catch up at the local cafe, catch a movie, have a beer or do the shopping and wander back in your own time, that's what retirement is all about. This 3 bedroom home has plenty of room , 2 living areas, lovely sun drenched veranda, separate drive thru garage workshop , fully fenced for your best mate and gardens that you can lose yourself in for the day. Directly opposite a lane way down to the Inlet so with a walk to Town and a fishing spot at your finger tips life doesn't get much better.
