Offers Above \$1,450,000

Was once a prime 119 acre rural horse property that is now a little tired but that doesn't change the fact that all the infrastructure is still here and can be bought back to life! From the moment you drive up the tree lined driveway you instantly get the feeling of how much was put into this property in its day. From the post and rail fencing, the original dairy building, the paddocks, sheds, stables, round yard, track, dams, shelters, the list is really endless whether you are a horse person or not! The house is big, solid brick and iron 4x2 that again needs some attention but nothing but some cosmetic work can't fix and forms the perfect base for a family home. Situated in a very central location, being in close proximity to the Forrest Highway and Pinjarra, whether you are a horse person, or you are simply after some space or land to run some cattle, this property offers so much and has had a lot of invested into it over the years.
