For Sale

Privately positioned at the end of a long driveway, this generously sized contemporary home offers exceptional living in a highly desirable, tranquil location. The multi-level property hugs the natural contour of the block and has been expertly designed to maximise space and liveability, without sacrificing style. The result is a stunning home, with multiple areas to relax and entertain – perfect for family harmony. There is a secure entry, controlled remotely and a wall of wine storage creates a striking first impression. A fifth bedroom with ensuite on this level is ideal for guests. Additional accommodation is on the next level, including the Master suite. This is a real retreat and features a very spacious and luxurious, hotel-style ensuite, walk-in robe and access to the front verandah, where you can relax peacefully while enjoying the leafy outlook. There is another bedroom and bathroom on this level, a practical study nook, large laundry and a sumptuous media room – the perfect spot to watch your favourite movies. A modern wood fireplace has been cleverly positioned so that it warms the entire home and while the quality construction offers great thermal properties, there's also ducted air-conditioning for Brisbane's long summers. The layout has been carefully considered and is perfect for busy family life. Two additional bedrooms are in their own wing; they share a large bathroom and a playroom with soaring, double height ceilings. It's a clever space that will be loved by family members of all ages. It's just a few steps up to the kitchen, lounge and dining room that flows out to the low maintenance garden and heated swimming pool. High, raked ceilings are a striking feature and clerestory windows ensure the entire area is flooded with light. The L-shaped kitchen showcases exemplary design; there is plenty of storage and space for meal preparation, double ovens, an integrated coffee machine and wine fridge. Sliding doors offer a seamless connection with the alfresco dining area and integrated BBQ – it's a home that's easy to live in and equally suited to fabulous parties as every day life. There is an oversized double lock up garage and security cameras for peace of mind. A 19kw solar system helps keep energy costs to a minimum. This a popular and prestigious location, close to parkland and picturesque Mt Coot-tha, bus stops and it's a short walk to Bardon State School. The shops and cafes of Paddington are within easy reach as is the CBD. This is an opportunity to secure a beautiful family home where there is nothing left to do, but unpack and enjoy a laidback lifestyle in stylish surrounds. Do not delay an inspection.
