\$605,000

Occasionally you will come across a property that has the space you have been looking for. Designed with function in mind, this home leaves nothing wanting for. Sitting in a prime location in Rosebery, opposite both primary and middle schools, on a magnificent sized block within walking distance to parklands, public transport and minutes to the local Woolworths. At the front is garaged parking with bays for 2 cars, manicured gardens and plenty of foliage for shade. Inside is a spacious living room separated from the dining room by the well-appointed entertainers kitchen – the centrepiece in every great home. The kitchen houses wrap around counters along with overhead storage plus a large pantry built in. Sliding doors open from both the dining and family room through to the outdoor entertaining area and from the kitchen window you have a view over the verandah and lush gardens. Nestled toward the rear is an exceptionally sized media room with ambient lighting and air-conditioning, perfect for those movies nights, kids slumber parties or could be utilised as a fifth bedroom. A superior master bedroom with a huge window, another outlook of the tropical gardens surrounding the home. Walk in robe offers endless storage plus there is an elegantly appointed en-suite, shower and dual vanity. All bedrooms are generously sized with robes and air-conditioning with main bathroom complimented by separate toilet and large corner spa bath. Located a short walk to nearby parklands with play areas for the kids and regular outdoor exercise sessions, the home is approximately 5 minutes from the Palmerston Hospital, CBD, Gateway and Coolalinga Central as well.
