Welcome to the best opportunity of 2024! I've received strict instructions from the owner that 22 Brisbane street has been sold! This stunning 4-bedroom, 2-bathroom house is the perfect family home. With a spacious backyard, modern kitchen, and stylish living room, this property has everything you need to create your dream home. New Paint! New Carpet! New floor boards! New Lights! New Oven! New retaining walls! All we need now is a New family! Don't take my advice, come and see it for yourself! Set on a generous 407m<sup>2</sup> lot in the heart of Kingston. Walking distance from a train station and local shopping precincts. Enjoy all the new upgrades in the home for a fraction of the price to build. In the event the owner doesn't accept an offer, we have tentatively booked in an Auction for Saturday the 30th of March on site. This will be the last and FINAL opportunity to buy this home! Properties like this are a rare find and won't last long! Don't miss out on this incredible opportunity to own a piece of paradise in Kingston.
